

CLOTHES THEY HAD ON

All That the Guests Saved From a Burning Hotel.

ALL ELSE WAS DESTROYED.

Narrow Escape of the inmates of the Hotel Darling at Lorain, Ohio—Building Association Robbed of \$15,000 Wreck on an Electric Railway—Other Happenings in Ohio.

ELYRIA, O., Oct. 9.—The guests in the Hotel Darling at Lorain had a narrow escape at 3 o'clock yesterday morning, making their way out of the blazing structure in their night clothing. They were awakened to find the large frame structure on fire. The flames originated in the kitchen and spread with marvelous rapidity. There was no chance to save furniture or any of the effects of the guests, who were exposed to the biting cold.

Owing to insufficient hydrant pressure, the firemen could do nothing with the flames, and the structure was leveled. An adjoining building was damaged. The hotel was only partially insured. A company represented here recently carried \$16,000 on the structure, which was allowed to lapse.

MORE MONEY, LESS SCRIPT.
Glass Workers Demand That May Cause a Strike at Bellaire.

BELLAIRE, O., Oct. 9.—The members of the American Flint Glass Workers' union employed at Rolfe Brothers' glass works, who have been working for part money and part script, have given the company notice they would not work longer if they were not granted 75 per cent in money and 25 per cent in script.

Their demands were not granted and the flint glass workers' union sustained the demand and the company has notified the men they would be discharged next Saturday. If a compromise is not effected over 200 people will be idle.

Short in His Accounts.

FINDLAY, O., Oct. 9.—Thomas C. Dunn, secretary of the North Side Building and Loan association, is short in his accounts \$15,000 according to the report made yesterday by a committee who investigated his books. The report shows that Dunn from the first month of his secretaryship has been a defaulter. The stockholders have been assessed 43 per cent to make good the deficiency. Dunn is said also to have been short \$1,000 in his accounts as justice of the peace. His present whereabouts is unknown.

A Columbus Blaze.

COLUMBUS, O., Oct. 9.—A fire of unknown origin broke out in the building at the northeast corner of Rich and High streets yesterday, and the building was burned to the ground. Several persons living in upper rooms had narrow escapes in getting out. Ambrose's stocking factory was damaged to the extent of \$1,000. S. H. Kerins & Company's picture frame factory was damaged \$2,000, and the Boston Shoe company's loss is \$2,000. Roomers on the upper floors lost everything.

Motorcyclist Fatally Hurt.

WESTERVILLE, O., Oct. 9.—A collision on the Columbus Central railway resulted in a bad wreck, in which Mortimer C. H. Herr was probably fatally injured and passengers H. W. Seate and Martha Rankin of this place were badly bruised and cut by flying glass. The wreck occurred two and one-half miles south of here on the single track running between Westerville and Minerva park.

Burnt Burners Abroad.

GALLIEN, O., Oct. 9.—Fire destroyed two large barns, granary, and adjoining buildings owned by John Trichter, in Addison township, this county, Monday night. Four valuable horses were burned, together with a fine farming implement. It was the work of an incendiary. No insurance.

CRANK AT THE WHITE HOUSE.

He Wanted to Be the President's Errand Boy.

WASHINGTON, Oct. 9.—After a long period of freedom from such infelicitous another crank turned up at the White House yesterday in the person of one Owen Jones, hailing from New York state. He had previously addressed a threatening letter to the house, so that the officers were on the watch for him. Yesterday he turned up and in an incoherent and rambling fashion, that plainly showed a disordered mind, announced he had come for employment as the president's boy. He was promptly removed to the nearest police station and it is probable that he will be examined as to his mental condition and placed in safety.

Black Flags Hauled Down.

SHANGHAI, Oct. 9.—A special dispatch received here from Tokio announces that Japanese forces on the island of Formosa have met and routed the main body, consisting of 10,000 men, of the Black Flags. The engagement took place near the river Tao-Linmai. The dispatch adds that the Black Flag leader, General Liu Yung Fuh, is surrounded on three sides by the Japanese troops and that his capture and that of all his warriors is assured.

The Queen's Life Threatened.

YOKOHAMA, Oct. 9.—A telegram received here from Seoul, Corea, says that Tai Ron Kiu, the king's father, and leader of the anti-reform party, entered the palace at the head of an armed force, and the queen's life is reported to be in danger.

DEFENSE DISAPPOINTED.

Durant's Attorney All Broken Up Over Their Own Witnesses.

SAN FRANCISCO, Oct. 9.—After wandering through a mass of unimportant witnesses, the defense in the Durant case yesterday afternoon summoned to the stand two of the most important witnesses that have been called since the prosecution closed its case. One of the witnesses materially aided the defense, for the fact that upon cross-examination he failed to give important testimony expected by the prosecution. The examination of the other witness had only just begun when the court took a recess for the day, but in the short time the witness was on the stand he testified to one important fact which was directly opposed to what the defense had hoped to establish.

The most important witness of the day was Charles T. Lenahan, the young man whom the defense contends was mistaken for Durant by Pawbroke Oppenheim. Lenahan, who does not bear a striking resemblance to the prisoner, said on April 8 he attempted to pawn a small diamond ring, similar to the one worn by Blanche Lawton, at Oppenheim's shop. The witness said that he asked Oppenheim the same questions and received the same answers that Oppenheim quoted in relating the conversation he had with the young man whom Oppenheim testified was Durant. Then came the surprise to the defense which contradicted nearly all of the strength gained from the witnesses' testimony. Lenahan said he tried to pawn the ring in the afternoon, while Oppenheim testified that Durant entered his shop in the morning.

Attorney Dnprey was considerably disconcerted by the statement of the witness and endeavored to impeach Lenahan's testimony by reading a letter written by Lenahan to the attorney for the defense in which he divulged the fact that he had tried to pawn a small diamond ring at Oppenheim's on the same day. Durant was said to have entered the place. The court interrupted Dnprey, however, and refused to let him read only such parts of the letter as referred to the question in issue. Dnprey then asked that the letter be admitted in evidence, and at the close of the struggle over this move, court adjourned for the day.

The court refused to admit the whole letter in evidence as some passages were devoted to the expression of the writer's opinions as to the correctness of Oppenheim's testimony. The remainder of the letter was admitted.

In the case of Miss Carrie Cunningham, a newspaper reporter, who refused to disclose the source of certain information relative to the nature of Mrs. Leak's testimony, Judge Murphy ruled that the witness was right in refusing to answer the questions. Miss Cunningham was therefore not punished for contempt.

BOILER EXPLOSION.

Six Men Injured but None of Them Fatally.

DOVER, N. J., Oct. 9.—There was a serious boiler explosion at the Wharton iron mine at Hibernia yesterday. Six men were injured, but none of them fatally. The injured are:

Merion Smith, engineer, scalded badly.

Philip Resburg, fireman, scalded.

John Clark, workman, scalded and injured by debris.

William Kelly, miner, scalded and cut by debris.

John Malone, miner, injured about the body.

Michael Ryan, injured by falling debris.

The explosion which occurred in engine house No. 3 shook the little mining village. In addition to tearing the house to pieces it did a great deal of damage to other buildings in the vicinity. Engineer Smith was hurled 20 feet in the air and was badly hurt by the fall. Resburg was also knocked some feet away from the wreck.

Two hundred feet from the engine house was a building under course of construction. Malone and Ryan were on watch there. A huge piece of iron was hurled through the wall of No. 3 against the side of this building with such force as to demolish it. The two men were carried down in the wreck. The damage to the mine's property amounts to about \$10,000. The cause of the explosion is unknown, as the boiler is said to have been a new one, and to have contained plenty of water.

MRS. WALLER COMING HOME.

The Wife of the Imprisoned Ex-Consul Reaches New York Saturday.

WASHINGTON, Oct. 9.—Mrs. Waller, wife of ex-United States Consul General Waller, now imprisoned by the French government, will arrive in New York Saturday, and steps are being taken to have her met by representatives of the state department. Her son, Paul Bray, will also go to meet her. She is accompanied by her young children, the family having made the long journey from Madagascar by way of Paris.

Relief funds for her have been raised in Kansas, Iowa and Washington, and these will be available for her support, after landing. Thus far she has been helped homeward by private contributions, the state department aiding her from Madagascar to France and Ambassador Eastis advancing the funds for her trip to New York. Ethelbert Woodford, a young American in Madagascar, supplied her immediate needs until assistance was rendered by the state department. It is expected she will settle in Iowa.

Moscow, Oct. 9.—It is reported here that 100 persons were drowned near the village of Ozery by the capsizing of a large raft on the river Oka.

MADAGASCAR FALLEN

French Soldiers' March Into Her Capital.

NO DETAILS OF THE BATTLE.

Great Excitement and Much Rejoicing Prevails in Paris—Cause of the Warfare. A Ten-Years' Dispute—Nearly a Year of Hostilities at Great Cost of Life and Health.

PARIS, Oct. 9.—A dispatch received here from Port Louis, island of Mauritius, announces the capture of Antananarivo, capital of the island of Madagascar, by the French troops, and caused great relief to the government, as it has been recognized for some time past that the defeat of the French troops meant a change of ministry. The news quickly spread throughout the city, causing great excitement and much rejoicing.

France and Madagascar have been at loggerheads for more than 10 years, chiefly over the right of the government of Madagascar to act independently of the French resident in granting exequaturs to foreign consular agents and consuls. According to the French, by the treaty of December, 1885, the French resident and a military guard of French troops was to reside at the capital and control the foreign relations of Madagascar, making the island to all intents and purposes a French protectorate.

The government of Madagascar has all along denied that the treaty gave France the rights she claimed, holding that M. Le Myre de Vilers, the French diplomatic agent in 1887, entered into an agreement with Madagascar, on behalf of France, to the effect that the exequaturs of consuls and consular agents should be given in the future, as in the past, by the Queen of Madagascar, and that the later treaty did not change the situation. On this question is based the dispute which led to disturbances during which the representatives of France were insulted by the populace and slighted by the government of Madagascar, and, in addition, a number of Frenchmen were assassinated.

In September, 1894, matters finally reached such a state that M. Le Myre de Vilers was sent to Madagascar with an ultimatum from the French government insisting in substance that France should control the foreign relations of Madagascar. The ultimatum was delivered to the prime minister, Panlilavany, who is also the husband of Queen Ranavavona II. After several days of deliberation the prime minister rejected the ultimatum saying that Madagascar would only submit to superior force. M. De Vilers and all the French agents thereupon returned to Tananarive, and France began making preparations to bring the Hovas, the predominant tribe of the island to terms.

In November last the French minister for foreign affairs, M. Hanotaux, asked for a credit of 65,000,000 francs and 15,000 men for an expedition to Madagascar, and his request was promptly granted. The expedition, which was planned by General Boreas-Desbordes, left France in January, under command of General Duchesne. The insubordination of the climate has proved a more dangerous foe to the invaders than the natives, and the capture of the Madagascar capital has been accomplished at great cost of life and health.

ELECTION IN INDIANAPOLIS.

The Entire Democratic Ticket Elected by a Large Majority.

INDIANAPOLIS, Oct. 9.—The municipal election in this city yesterday was a Democratic landslide. The entire Democratic ticket is elected by a majority approaching 5,000. This is remarkable in view of the fact that Caleb S. Denny, Republican, was elected mayor two years ago by a majority of over 3,000.

The Republican committee and all the candidates have conceded the election of the Democratic ticket by an unprecedented large majority. Those elected are:

Thomas Taggart, mayor.

Charles E. Cox, police judge.

Charles Stuckmeyer, city clerk.

Six councilmen at large are elected and at this time the Democrats claim seven of the 15 ward councilmen, giving the latter 13 out of 21 councilmen.

CAPTAIN SMITH NOT KILLED.

The Indian Massacre Report Denied by an Indian Inspector.

SALT LAKE CITY, Oct. 9.—The Tribune has received the following dispatch from P. McCormick, United States Indian inspector at Fort Hall Indian reservation, Rose Fork, Ida., via Pocatello, Ida., Oct. 8:

"There are no Bamook Indians in the vicinity of Jackson's Hole. The so-called Captain Smith and other Jackson Hole residents who fired on the Bamook Indians last July are reported to have passed Pocatello, en route to Evanston, Wyo., for trial before the United States court on the 6th inst. The Bamook Indians are hunting on and in the immediate vicinity of the reservation and are peaceably disposed."

Bicyclist Accidentally Shoots Himself.

WASHINGTON, Oct. 9.—Oscar C. Yeatman, one of the best known bicyclists in this city, and at one time holder of the 24-hour championship road record of 830 miles, accidentally shot and killed himself yesterday while out riding near Charleston, Jefferson county, W. Va. His father is employed in the interior department.

DEAD BODIES RECOVERED.

Five Charred Corpses Taken From the Dorrance Mine.

WILKESBARRE, Pa., Oct. 9.—The bodies of three engineers and the fire boss who were killed in the explosion in the Dorrance mine Monday night were recovered yesterday. A party of rescuers, headed by Foreman Jones, were the first to come upon the bodies. The carpenter house was fitted up as a temporary morgue and as the mangled remains were brought to the surface they were laid out in it.

The corpses were burned almost beyond recognition. Fire Boss Davis and Engineer Owens were literally roasted and Cahill's body had a large gash on the forehead, evidently from the force of the explosion. The men were killed by the force of the explosion, and all died nearly in the same spot. No more bodies have been found, and it is now believed the list of dead will be confined to the following:

William Jones, mining engineer, aged 32 years.

William Cahill, mining engineer, 21 years old, single.

Lleelyn Owens, mining engineer, 21 years old, son of Division Superintendent Owens of West Pittston.

David J. Davis, fire boss, leaves a wife and two children.

Michael Morris, 40 years, Poland, single.

Robert Miller and Robert Blanchard, the two members of the engineering party brought out of the mine Monday night, are still in a precarious condition at the hospital. The physicians fear their burns and other injuries will prove fatal. The other injured men brought out at the same time, George Laphy and Joseph Murphy, are on a fair way to recovery.

SENT FOR BLOODHOUNDS.

Farmers Grow Tired of Losing Their Property.

FRANKFORT, Ind., Oct. 9.—What appears to have been a well organized gang of thieves made a raid on the farmers of Jackson township, this county, Monday night. More than a dozen farmers reported losses yesterday of grain, harness, meat, etc. At Cyclone, a village located in this township, the thieves forced an entrance into the only store and carried away nearly everything of value that they could handle.

Altogether, property to the value of \$1,000 is missing, and the farmers of the section raised are up in arms; but no trace of the thieves has been discovered. Officer Bird of this city is making an effort to get bloodhounds from Kokomo and Lexington, and if successful, will try to run the thieves down. A few nights ago the northeastern part of the county was visited in a similar manner, but the loss sustained was not nearly so heavy.

FELL A HUNDRED FEET.

Two Persons Fatally Injured by a Falling Elevator.

CHICAGO, Oct. 9.—An elevator in the building of the National Tailoring company on Franklin street fell 100 feet yesterday, fatally injuring a man and a boy and seriously injuring two other passengers. The injured are: Joseph Rosenberg, internally injured; will die.

Hyman Kohn, legs fractured and otherwise lamed.

Abraham Ciemango, spine injured and lower limbs paralyzed.

Herman Ciemango, a boy, right side injured and internally hurt; will die.

The victims were all tailor shop employees. The car had reached the fourth floor, when the cable snapped. The elevator was an old and rickety freight lift.

FUNERAL POSTPONED.

The Supposed Corpse Raised Up Out of Her Coffin.

LOGANSPORT, Ind., Oct. 9.—Mrs. Mary Kuse, a prominent resident, who for several years has been a sufferer from dropsy, apparently died Saturday, and her body was robed in a shroud and prepared for burial. Monday night, while Mrs. Ida Moorman was sitting by the bier, the supposed corpse suddenly raised up and requested a drink of water.

Mrs. Moorman was frightened into spasms, and a scene of great excitement greeted members of the family as they came rushing into the room. Mrs. Kuse was so have been buried yesterday afternoon, but arrangements have been indefinitely postponed, as she will probably recover.

Electricity For Diphtheria.

CHICAGO, Oct. 9.—Dr. J. W. Was of West Pullman claims to have discovered a cure for diphtheria which far exceeds anti-toxine in efficiency. Dr. Was' remedy is electricity, which is applied directly to the throat. It is claimed to have been successful in a large number of recent violent cases. A conference of physicians will pass on the alleged cure during the week.

Income Tax Refunded.

WASHINGTON, Oct. 9.—The records of the treasury department show that 1,322 persons paid income tax aggregating \$77,130 before the adverse decision of the supreme court as to its constitutionality was rendered. Of the whole number 709 have applied for and been refunded the amounts paid, aggregating \$48,545.

GEN. MAHONE IS DEAD

The Noted Virginian Breathes His Last.

END OF AN EVENTFUL CAREER.

The Dying Man Had Laid Unconscious Ever Since Last Sunday Morning—All the Members of the Family Were About the Bedside When the End Came—Funeral Arrangements.

WASHINGTON, Oct. 9.—General Mahone died at 1 o'clock yesterday afternoon. The end came peacefully and almost imperceptibly. The dying man had lain unconscious ever since last Sunday morning. All the members of the family were about the bedside when the end came, including Mrs. Mahone, the two sons, Butler and William Mahone, Jr., Mrs. McGill, a daughter; Mr. L. L. Maury of Virginia, a nephew, and Captain Rogers, an old friend of the general and present chairman of the Virginia Republican committee.

There will be no public funeral at Washington, as, in accordance with the wishes of the widow, the remains will be borne quietly to the general's old home at Petersburg, Va., where the service and interment will occur.

The services will be held at St. Paul's Episcopal church. The active pallbearers will be members of General Mahone's old command, famous as "Mahone's Brigade," the one which held the "Crater." The honorary pallbearers will be selected from officers of the same brigade. The Confederate Veterans' Union tendered their services as a military escort to the body, but it was the family's wish to avoid any display.

General Mahone was born in Southampton county, Va., Dec. 1, 1826. He graduated at the Virginia Military Institute in 1847, and until the beginning of the civil war was engaged in engineering and was the constructor of the Norfolk and Petersburg railroad. He joined the Confederate army in 1861, took part in the capture of the Norfolk navy yard in April of that year, raised and commanded the Sixth Virginia regiment, and won the "Sobriquet of the Hero of the Crater." He was commissioned brigadier general in March, 1864, and major general in August of the same year. He subsequently led a division in Ambrose P. Hill's corps, and at Lee's surrender was at Bermuda Hundred.

At the close of the war he became president of the Norfolk and Tennessee railroad. He also engaged in politics, and was the leader of the movement that elected Gilbert C. Walker governor of Virginia. After failing to secure the nomination for that office in 1878 he organized and became the leader of the Readjuster party. He was elected to the United States senate in 1881 and served until 1887. Though elected as a Readjuster, he voted with the Republicans, and by so doing gave them the control of the senate.

Since General Mahone left congress he has been a familiar figure about the Capitol. During the last session of congress he spent considerable time between the senate and house looking after a bill under consideration for the purchase of certain property from him for a site for a new government printing office.

PAYING THE MORA CLAIM.

The State Department Ready to Settle With the Different Parties.

WASHINGTON, Oct. 9.—It is expected that the state department, which is the custodian of the funds paid by Spain on the Mora claim, will pay the money to the different parties in interest on Thursday. The amount finally agreed on for Antonio Maximo Mora, principal in the claim, is \$367,055. This sum has been reduced somewhat by assignments, and the actual amount to be paid Mr. Mora will be slightly above \$300,000.

The next payment of importance will be \$287,000 to Dr. Jose F. Rodriguez, who has been the attorney of Mr. Mora since the inception of the case in 1870. A further amount, approximately \$235,000, will be devoted to the payment of Mr. Nathaniel Page, who was at one time an attorney in the case, or to those to whom he may have assigned his interest. In the original agreement between Mr. Mora and his attorneys, he was to retain 60 per cent and they were to have 40 per cent, the latter sum to cover all legal expenses.

RELIGIOUS RIOTS.

Liberal and Catholic Students at It in the City of Barcelona.

MADRID, Oct. 9.—Dispatches received here from the city of Barcelona announce that serious conflicts have taken place there between the Liberal and Catholic students of the university. The trouble, it appears, is due to the fact that the government suspended a professor who published a book which was declared to be heretical.

The riots started in the university and finally reached the streets, where the rioters were reinforced by crowds of people. A series of fierce conflicts between Catholics and Liberals, led by students, during which many persons were wounded, followed, and the disorder was with difficulty suppressed by the police.

Giant Powder Explodes in a Shaft.

LEADVILLE, Colo., Oct. 9.—James Moore was instantly killed and Doc Morrison fatally injured by an explosion of giant powder in a shaft of the Matchless mine. The explosion occurred Monday night, but the men were not found until yesterday. Morrison lay at the bottom of the shaft all night in terrible agony, his eye sight being destroyed and his body frightfully mangled.

A bale of cotton is worth \$15 more this
fall than it was a year ago, which means
millions of dollars for the South.

The Louisville Post has found another
Democrat who says he can't support Gen-
eral Hardin. He is none other than
Boss Whalen. The Democracy of the
State ought to be profoundly grateful to
the Post for this discovery. The party
is better off without such men as Whalen,
if all reports are true.

According to the poll of the next
House of Representatives by the New
York World, 216 members are opposed
to free silver, 88 favor it and 52 are non-
committal. It is very evident the gold
bugs need not lose any sleep because
of the silver question, and some of them
in Kentucky should now subside, at least
until after the State election.

"If the Louisville Post continues to
offer free advertising to disgruntled
Democrats it may possibly have a string
of at least ten men who will bolt the
Democratic ticket by the time election
day arrives," pertinently remarks the
Owensboro Enquirer. "It seems to take
about two and a half columns of space to
tell why the bolters can not support the
nominee."

"The mismanagement of State affairs
by the Frankfort ring has gone so far,
that the convicts in the penitentiary at
Frankfort have been manufacturing
counterfeit money and moonshine whisky
within the prison," says the Greenup
Gazette. Awful! Awful!! We presume
then that the Republican State officials
in Ohio should be held responsible for
the counterfeiting done in the Columbus
pen. Next!

Colonel Bradley spoke at Mt. Ver-
mon Monday to about 300 people, says a
special to the Enquirer. From reports
the Colonel hasn't been greeted by very
large crowds over in South-eastern Ken-
tucky. That section is Hon. John D.
White's stamping-grounds and the
"Crested-Jayhawker" has no doubt let
the people know what he thinks of the
Republican Boss. White regards Brad-
ley as a ranting hypocrite, and will not
vote for him. If the Hon. John D.'s
friends do as he does, there will be a big
falling off in Bradley's vote in South-
eastern Kentucky.

sumes her trips.

The indications at present in the Big
Sandy Valley point to one of the largest
timber runs this fall that has ever been
had in the history of the stream. The
Yellow Poplar Lumber Company will
have, at the lowest calculation, 100,000
logs to come out. Crane & Co., of Cin-
cinnati, will also have a great many, and
the Little Kanawha Lumber Company
will reach half that amount. Besides
this showing are the several Catlettsburg
companies and all the individual pro-
ducers that alone have many a time her-
etofore brought out 600 and 800 rafts.

Death of Miss Bridget Maley.

Miss Bridget Magdalen Maley, aged

complication of diseases and had been ill
a week or so. The funeral arrangements
have not been announced.

The residence of Mr. S. B. Oldham on

Tuesday morning about 11:30 o'clock.
The blaze was in the roof, a spark hav-
ing caught in the shingles. It took the
department but a few minutes to extin-
guish the flames, but the house was
flooded, and the damage by fire and
water, principally the latter, is placed at
\$400 or \$500. Fully insured in the Lon-

OAKLAND BARON,

The Fast Stallion, Wins the Big Fu-
turity Stake at Lexington.

Professor Milam's Many Friends Re-
joicing Over His Good
Fortune.

A telegram yesterday afternoon brought
the good news that Professor Milam had
won the great Futurity stake at the Lex-
ington trotting races, with the fast stal-
lion Oakland Baron.

Everybody was glad to learn of the
Professor's good fortune. Up to Tues-
day he had not been very successful in
this year's races. He has had his eye on
the Futurity stake all along, however,
and has been getting Oakland in good
trim for the race of the season. Before
leaving for Lexington a few days ago, the
Professor remarked, "If Oakland Baron
doesn't win that race, he will push the
horse that does take it."

Yesterday's Futurity was the largest
stake ever trotted for on any track. Ac-
cording to the Lexington Leader, the
winner gets \$21,000, the rest going to
second and third horses. A field of
seven crack three-year-olds went to the
post. They were Oakland Baron, Larabie,
Shadow, Scourine, Boreal, Impetuous
and Katrina Bel. Oakland Baron was the
favorite for the first heat in the books,
but Shadow was the favorite for the
race in the pools. Impetuous, Bore-
al and Larabie were well backed.

First Heat—They were sent away to a
good start, Larabie slightly in front,
Oakland Baron second. Going round
the first turn Katrina Bel rushed to the
front and with Oakland Baron two
lengths away set the pace to the stretch.
When squared away the Baron came
fast and getting up to Katrina Bel at the
draw gate had a rattling "set-to" to the
wire, neither getting the verdict, the
judges calling it a dead heat. Larabie,
Impetuous, Scourine, Boreal and Shadow
finished in the order named. Time, 2:16.

Second Heat—They got away to a good
start, Shadow in front. Before the
quarter was reached Oakland Baron took
the lead and led all the way, winning by
ten lengths in a big jog, Scourine second
and Boreal third. The others finished:
Impetuous, Katrina Bel, Larabie. Time,
2:16.

Third Heat—The third heat was won
easily by Oakland Baron by six lengths;
Scourine second, Impetuous third. Time,
2:16. Oakland Baron led all the way.

Fourth Heat—Oakland Baron won the
fourth heat by four lengths and ended
the race. Katrina Bel got second money
and Scourine third money. The time of
the fourth heat was 2:18. The winner
got \$21,000.

Oakland Baron was entered by R. G.
Stoner, of Paris, and is a brown colt by
Baron Wilkes; dam Lady Mackay by
Silverthreads. The winner was trained
at the Maysville track by Professor Mil-
am, and as a two-year-old won nearly
every race in which he was started. This
year he has won second money in
several big races.

Professor Milam gets half the money
won by Oakland Baron, the other half
going to Colonel Stoner.

It is reported that Professor Milam,
had no contract with Colonel Stoner as
to the Futurity race and that he will
receive only \$500.

Mrs. Mary Gabby.

Mrs. Mary Gabby, widow of the late
John Gabby, died this morning at 8
o'clock, at the home of her daughter,
Mrs. W. H. Evans, near Lewisburg, of
cancer of the stomach. She was seventy-
two years of age, and leaves five or six

COMMISSIONER'S SALE!

FAYETTE CIRCUIT COURT.

Andrew Lytle and Others,
Petition to Others. } Public Sale.

By virtue of a judgment in the above styled
case, rendered in the Fayette Circuit Court the
16th day of September, 1895, I will on

Thursday, Oct. 17, 1895,

as Special Commissioner, sell at public sale a
tract of land containing one hundred and seven-
ty-six acres and seventy-eight poles (176.78)
situated on the Russell Cave pike, in the county
of Fayette, adjoining the farms of Thomas Car-
rick, George Graves, L. P. Huffmau, Jacob Elder and
Charlie Harp.

Said sale will be made upon the following
terms:

One-third on the 1st day of March, 1896, one-
third on the 1st day of March, 1897, and one-third
on the 1st day of March, 1898, with interest at rate
of six per cent per annum from the 1st day of
March, 1896, until paid. Purchaser will be re-
quired to execute bond with approved security,
complying with terms of sale. Lien will be re-
tained for the deferred payments. Possession of
said place will be given on the 1st of March, 1896.
Said farm is situated 11 miles from Lexington,
8 miles from Paris, 8 miles from Georgetown,
and 1 1/2 miles from Centerville depot on the Mid-
land railroad, and one-fourth of a mile from
church, school house, postoffice, store and black-
smith shop. Upon the farm is a good residence
of seven rooms, stock barn, ice house, meat house,
buggy house, corn cribs and cabins. This is one
of the best fenced farms in Fayette county; more
than 100 acres in grass. On it there are five walled
pools of never failing stock water, a good cistern
and deep well; an orchard of select fruit. The
land is naturally good, and is now in fine condi-
tion for cultivation.
The Old Union and Mann's Mill pike runs
through the farm, leaving upon the south side
about 47 acres, and upon the north side 129 acres
and a fraction. These two portions of the farm
will be offered first separately, and then as a
whole, and the highest bid will be accepted. The
sale will take place at 11 o'clock a. m.

Special Commissioner.

THE SYNOD.

Rev. W. E. Cave, of Paducah, Elected Moderator.

T. T. Forman Chosen Reading Clerk.
The Hours of Meeting—Partial
List of Those Present.

The Southern Presbyterian Synod of Kentucky convened last evening at 7:30 o'clock at the Central Presbyterian Church. As heretofore stated, this is the first time this body has met in Maysville in about twenty-three years. The church has been tastefully decorated with potted plants and cut flowers for the occasion.

The opening song and prayer service was conducted by Rev. W. E. Cave, of Paducah, who read a portion of the tenth chapter of Luke as the lesson of the evening. A duet by Mrs. Robert Cummings and Dr. Smoot was a very enjoyable feature of the song service.

The opening sermon was delivered by Rev. Dr. Glass, of Somerset, the retiring Moderator. His text was Luke X, 20,—"Notwithstanding, in this rejoice not, that the spirits are subject unto you; but rather rejoice, because your names are written in heaven." His sermon was a scholarly one, full of goodly counsel against striving too much for worldly success and honor. The speaker had the closest attention throughout.

The sermon was followed by song and prayer, after which Dr. Glass called the Synod to order. Rev. R. A. Walton, of Georgetown, placed Rev. J. J. Chisholm, of Winchester, in nomination for Moderator. Rev. W. E. Cave, of Paducah, was also nominated. The brother who nominated the latter said Rev. Mr. Cave had come 400 miles to attend the meeting and had a worthy ambition to preside as Moderator. Rev. Mr. Chisholm asked that his name be withdrawn, and moved that Rev. Mr. Cave be elected by acclamation, which was done.

Rev. E. M. Greene and Mr. T. T. Forman were nominated for Reading Clerk. Mr. Green said he had "graduated" and asked that his name be withdrawn. His request was granted, and Mr. Forman was unanimously elected.

On motion the hours of the daily sessions were fixed as follows: Morning session, 9 to 12 o'clock, afternoon, 2 to 5 o'clock, evening at 7 o'clock.

Rev. Dr. Hazen, of the Virginia Synod, and Rev. Dr. Richeson, of the Memphis Synod, were present and were invited to sit as corresponding brethren. Dr. Hazen is Secretary of Publication and Dr. Richeson is Secretary of Education.

Rev. W. O. Cochran welcomed the brethren of the Synod in a brief speech. He said he and his church had long looked forward to the meeting and the members of the Synod were warmly welcomed to the hearts and homes of the good people of Maysville.

Announcement was made that Rev. Dr. Converse would preach at 11 o'clock this morning, and that communion services would follow the sermon.

The Synod then adjourned until this morning at 9 o'clock. Among the prominent ministers and lay delegates in attendance are Dr. Blanton, of Central University; Rev. Dr. Converse, editor of the Christian Observer of Louisville; Dr. Bartlett, of the First Church, Lexington; Dr. Greene, of Danville; Judge Quincy Ward, of Paris; Dr. L. G. Barbour, of Central University; Dr. Rutherford, of Paris; Hon. Mr. DuBoise, of Bowling Green; Dr. Bracken, of Lebanon; Rev. Clay Lilly, of Frankfort; Rev. J. J. Chisholm, of Winchester, and Rev. W. P. Ramsay, of Augusta. Many who expected to attend are not present, some of them being detained by sickness or by illness in their families.

The delegates are being hospitably entertained by the good people of the city. The Synod will be in session most of the week.

THE SLAYER OF EZEKIEL MARTIN.

It is Said the Detectives Are Now Close on His Trail.

[Cincinnati Post.]

Edmund Martin, one of the wealthiest men of Brown County, is at the Dennison Hotel, from Ripley.

Although several years have elapsed since his brother, Ezekiel Martin, was murdered by an unknown person at Aberdeen, "Big Ed." has not yet given up the search for the slayer and said Tuesday morning that he now had detectives working on a clew that promised to lead to the arrest of a certain man who has always been under suspicion. The night of the murder an Aberdeen citizen disappeared and suspicion rested upon him at once, as it is claimed the man had made numerous threats against Martin's life. A number of arrests have been made on the resemblance of the parties to the man under suspicion.

But now Martin thinks the detectives are pretty close on to the real man. Martin has already spent a small fortune in searching for the missing man, but says he will never give up until he is either apprehended or his last dollar is gone.

You ought to see the fine Ulsters, ranging in price from \$6.50 to \$25. KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

The James Lane Allen Society met on last Friday evening and reorganized with a full attendance. Mr. Moss Walton President and Miss Grace Pepper Secretary.

Home again in old Kentucky, from the cold and bracing region of the North, we are forcibly struck with the contrast between the two sections of the country. With plenty of rain the grass was green, their crops of vegetables were abundant, peaches and other fruits in such quantities that it taxes the capacities of railroads and steamers to carry them to market, the whistle of the locomotive, the rumbling of the cars, the smoke ascending from thousands of factories, all betoken a busy, pushing, thriving people. But here we find a deathlike stillness; the grass and vegetation of all kinds burned up by the long continued drought, the tobacco ruined by the frost, many of the poor class wondering how they will get through the long winter months, while the more fortunate class are consoling themselves with the fact "God made the country and man made the town," and we will take our ease and trust to Providence. Just to think of patches of potatoes of one hundred and fifty acres, that will yield three hundred bushels to the acre, patches of cabbage of three and four hundred acres, large fields of celery and peppermint. One large land owner from southern Michigan told me he leased his lands at \$5 per acre and the growers made money. At Kalamazoo the midnight air was made mislead by the boys crying "Here's your nice crisp celery," and one train lay for an hour loading boxes of this delightful relish, grown to greater perfection in that section than any other place in the world. For many miles as we traveled homeward the ground was covered with snow and some of our party enjoyed the rare pleasure of making and eating snowballs on the last day of September. As for the writer, we had a delightful stay, and are still profuse in our praise of beautiful Potosky and its people, with its surroundings, as a summer resort for health, pleasure and recreation. We have great sympathy for the victim of hay-fever who is compelled to remain at home.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

REV. ROBERT SEAMAN, of this city, has been assigned to the M. E. Church at Louisa, Ky.

The Modern Beauty

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant liquid laxative Syrup of Figs.

LAST GAME OF BASE BALL.

The Temple Cup Goes to Cleveland as a Result of Yesterday's Game.

BALTIMORE, Oct. 9.—The Temple cup goes to Cleveland as the result of yesterday's game, in which the champions were outplayed in every point. Up to the seventh inning, however, it looked as if either side might win, although Hoffer suffered rather more than Young and the visitors got the most men to bases. After this there was trouble and the home team had all of it.

Nine thousand people saw the game. The following was the score:

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.
